**Early Life and Prophethood of Prophet Muhammad
(PBUH)**

MLO 12.1.2

Identify and describe the ancestors and family lineage of Prophet Muhammad (PBUH).

Lineage of Prophet Muhammad (PBUH)

Prophet Muhammad (PBUH) descended from Hazrat Ismail (AS), son of Hazrat Ibrahim (AS).

His lineage passed through Hazrat Ismail's son Kidar and later Adnan, Ma'ad, and Nizar.

The lineage eventually led to the Kinanah and Quraysh tribes of Makkah.

The Prophet belonged to the noble Banu Hashim clan of Quraysh.

Hazrat Abdul Muttalib, his grandfather, was a prominent leader of Banu Hashim.

The Quraysh were highly respected in Makkah for their noble ancestry.
